About IMAGE .......................................................................................................................... 2

Feature Interview
“Don’t Be Afraid to Tackle New Problems,” Interview of Richard S. Varga by V. Mehrmann ............... 3

Articles
Linear Algebra in Croatia, by Zlatko Drmač................................................................. 6
Linear Algebra in Italy, by Dario A. Bini and Ornella Menchi ......................................................11
JPEG Compression: The Big Picture, by R.F. Marcia and S. Senay ......................................................17

Upcoming Conferences and Workshops
6th de Brún Workshop, Linear Algebra and Matrix Theory:
   Connections, Applications and Computations, Ireland, December 3–7, 2012 ........................................26
International Conference on Numerical Linear Algebra
   and its Applications (NLAA 2013), India, January 15–18, 2013 .........................................................26
18th ILAS Meeting, United States, June 3–7, 2013 ..............................................................................27
Numerical Analysis and Scientific Computation with Applications (NASCA13), France, June 24–26, 2013 ..............28
Advanced School and Workshop on Matrix Geometries and Applications, Italy, July 1–12, 2013 ...............28
The 4th International Conference on Matrix Analysis and Applications, Turkey, July 2–5, 2013 .......................28
Householder Symposium XIX on Numerical Linear Algebra, Belgium, June 8–13, 2014 .........................29

Send News for IMAGE Issue 50 .................................................................................................29

Conference Reports
Western Canada Linear Algebra Meeting (W-CLAM) 2012, Canada, May 12–13, 2012 ..........................31
The 2012 SIAM Conference on Applied Linear Algebra, Spain, June 18–22, 2012 ............................31
ALAMA 2012 (3rd Biennial Meeting of the Spanish Thematic Network on Linear Algebra, Matrix Analysis and
   Applications), Spain, June 27–29, 2012 ..........................................................................................32
The Seventh Workshop on Matrices and Operators, China, July 13–16, 2012 .................................33
Summer Research Workshop on Quantum Information Science, China, July 17–27, 2012 ..................34
International Conference on Trends and Perspectives in Linear Statistical Inference
   and the 21st International Workshop on Matrices and Statistics, Poland, July 16–20, 2012 ....................34
Workshop on Structured Numerical Linear and Multilinear Algebra Problems:
CIRM Workshop on Structured Matrix Computations in Non-Euclidean Geometries: Algorithms and Applica-
   tions (SMC-NEGAA), France, October 8–12, 2012 .......................................................................36
LAA Meeting, United States, October 10–14, 2012 ........................................................................37

Contents continued on page 2.
Honours and Awards
Two ILAS Board Members Receive Named Professorships ......................................................38

Mathematical Interlude
Confirmation that Column and Row Ranks Coincide, by O.M. Baksalary and G. Trenkler ..........................38

Linear Algebra Education
Introducing Several Important Linear Algebra Ideas on Day One, By David Strong ..................................40

Book Reviews
Israel Gohberg and Friends, On the Occasion of his 80th Birthday, Edited by H. Bart, T. Hempfling, and M.A. Kaashoek, Reviewed by R.A. Horn .........................................................42
Matrix Completions, Moments, and Sums of Hermitian Squares, by M. Bakonyi and H. J. Woerdeman, Reviewed by H. Dym ..........................................................43

ILAS and Other Linear Algebra News
List of Books on the ILAS-IIC Website .......................................................................................45
Nominations for 2012 ILAS Elections .................................................................................45

IMAGE Problem Corner: Old Problems with Solutions
Problem 48-1: Reverse Order Law for the Core Inverse ..............................................................46
Problem 48-2: Minimality for the Nonzero Singular Values of an Idempotent Matrix ..................47
Problem 48-3: A Generalization of Geršgorin’s Theorem .........................................................48
Problem 48-4: Characterizations of Symmetric and Skew-Symmetric Matrices ..............................49
Problem 48-5: Similarity Invariant Seminorms ............................................................................50
Problem 48-6: A Determinant Inequality ....................................................................................50
Problem 48-7: Block-entry-wise Compressions .............................................................................51

IMAGE Problem Corner: New Problems
Problem 49-1: Generalized Eigenvalues of a Pair of Orthogonal Projectors .................................52
Problem 49-2: Matrix Diagonal Entries ......................................................................................52
Problem 49-3: Loewner Partial Order .........................................................................................52
Problem 49-4: A Total Perron-Frobenius Theorem for Total Orders .............................................52
Problem 49-5: A Property of the Electro-Magnetic Field in the Born–Infeld Model ....................52
Problem 49-6: Determinant Power Monotonicity .......................................................................52

About IMAGE
ISSN 1553-8991. Produced by the International Linear Algebra Society (ILAS). Two issues are published each year, on June 1 and December 1. The editors reserve the right to select and edit material submitted. All issues may be viewed at http://www.ilasic.math.uregina.ca/iic/IMAGE/. Photographs for this issue were obtained from websites referenced in articles, university department websites, or from conference reporters directly, unless indicated otherwise here: personal photo [p.3] courtesy of Richard Varga; LAA photo [p.37] courtesy of Frank Uhlig; the cameraman photograph [p.22] is a standard test image and can be found in the Matlab Image Processing Toolbox.

Advertisers: Contact Amy Wehe (awehe@fitchburgstate.edu).

Subscriptions: Contact ILAS Secretary-Treasurer Leslie Hogben (ilas@iastate.edu) to subscribe or send a change of address for IMAGE. The cost is $40/year for electronic version only of IMAGE, or $50/year if you wish to receive a printed copy of each issue.

Editor-in-Chief: Kevin N. Vander Meulen, Department of Mathematics, Redeemer University College, Ancaster, ON, Canada, L9K 1J4 (kvanderm@redeemer.ca).

Contributing Editors: Minerva Catral (catralm@xavier.edu), Michael Cavers (mscavers@gmail.com), Carlos Fonseca (cmf@mat.uc.pt), Bojan Kuzma (bojan.kuzma@upr.si), Steven J. Leon (sleon@umassd.edu), Peter Šemrl (peter.semrl@fmf.uni-lj.si), and Amy Wehe (awehe@fitchburgstate.edu).
